EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with George Yee (Reg. No. 37,478) on 25 May 2005 (see attached interview summary).

The application has been amended as follows:

Please replace claim 14 (new claim 8) with the following:

14. (Amended):The storage system of claim 13 wherein said second controller is operable to store second port configuration information in said first controller, said second port configuration information representative of said second current port[[in said]], said second controller operable to detect an error condition therein and, in response to detecting said error condition, to communicate an error indication to said first controller, said first controller being operable to detect receipt of said error indication from said second controller and in response thereto to configure said first standby port for reading and writing data between said second host and said disk devices based on said second port configuration information.
